

# Seahorses Daycare Nursery

Life at St Petroc's begins at three months of age in Seahorses, our Daycare Nursery. Open for 49 weeks of the year, it provides a stimulating range of activities where children develop through play in a variety of settings.

There are bright, spacious rooms, a large, grassed, play area outside and regular outings are made to the beach.

When they are ready, children move on to the Kindergarten in the Foundation Stage at about 2½ years of age.
