

Foundation Stage

Children are welcomed into the Foundation Stage from about 2½ years.

Two groups comprise this stage – Kindergarten and Reception. The number of sessions your children attend is agreed between parents and the teacher and is constantly monitored. Our aim is to inspire your children and prepare them for formal education whilst developing in them an enquiring mind.

Successful OFSTED reports mean that we offer grants to three- and four-year-old children. This means that fees are very greatly reduced and, in some cases, free. Working Family Tax Credit is also available.
